

JMF6 A level results 2023

Staff, parents, and governors at John Mason School and Fitzharrys School are proud of the achievements of all students receiving their A level results today from the joint sixth form.

It was fantastic to see students collect their richly deserved results and head off to university, apprenticeships, and employment.

Amongst many superb results, Robin got 2 A* and 2As and will be reading Maths at Durham

Andy, Archie and Aidan all received 2 A* grades and 1 A grade. They are continuing their studies at Warwick, UCL, and Birmingham respectively.

Pictured are Zoe who got A*A*AB, alongside Phoebe who achieved A*AA. Zoe is heading to an apprenticeship with GlaxoSmithKline, while Phoebe is heading the University of Bath to study Biology.

Adam and Amy both achieved AAA and will be heading to Theoretical Physics at the University of Birmingham and Geography at Durham in the autumn.

Students have been able to celebrate with staff and classmates this morning, alongside accessing expert support and guidance where required.

We are extremely proud of all our students and what they have achieved. This was their first set of public examinations, and amongst a changing national picture they have done brilliantly. The hard work and motivation of our students ensures that the outcomes are a real credit to them, and we wish them every success as they prepare for the next chapter in their lives. **Well done to all our students**

Will Speke, Headteacher, Fitzharrys School

Kirsty Rogers, Acting Headteacher, John Mason School
